

22nd Annual Congress of the Chest Wall international Group

*Dr. Dawn E. Jaroszewski*

Dawn E. Jaroszewski, M.D., is a professor and fulltime consultant in the Department of Cardiovascular and Thoracic Surgery at Mayo Clinic in Arizona. Dr. Jaroszewski also serves as Chair of Thoracic Surgery and Director of the Mayo Clinic Chest Wall and Thoracic Surgery Program, the largest volume adult pectus treatment site in North America. She joined the staff of Mayo Clinic in 2006.

Dr. Jaroszewski earned her B.A. and MBA from the University of Texas and her medical degree from the University of Texas Health Science Center at San Antonio. She trained at Mayo Clinic in general surgery and at Baylor College of Medicine/MD Anderson in cardiothoracic surgery. She further completed an advanced chest fellowship at the University of California Los Angeles.

She is double boarded in both cardiothoracic and general surgery and is a Fellow of the American College of Surgeons. She is also an active member in the Society of Thoracic Surgeons and executive member of the Chest Wall International Group. She is a member of the Priestly Society and elected president for 2025.

Dr. Jaroszewski specialized in pectus and chest wall deformities and has performed over 2,000 pectus related cases. She prioritizes both research and education having published over 130 peer reviewed journal articles and book chapters. She presents nationally and internationally on her expertise and leads educational courses advancing the techniques and understanding of pectus surgical treatment.
